

Data Deletion

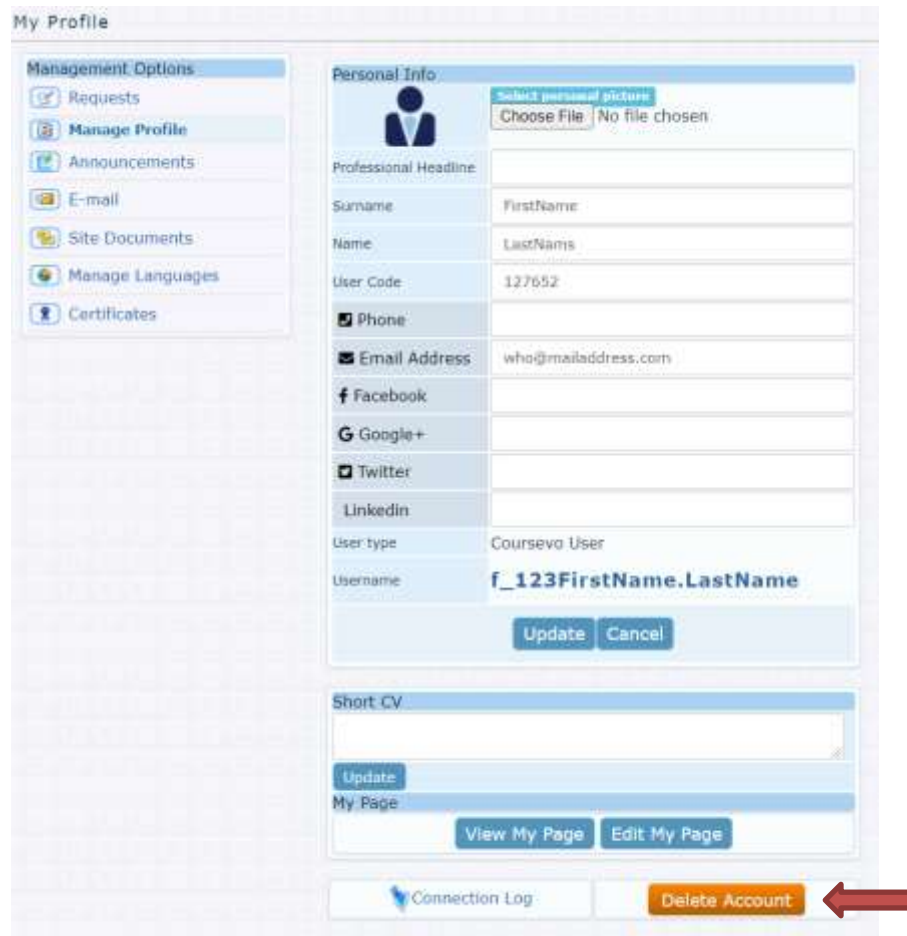

If you delete your account in Coursevo all data associated with this account will be deleted as well.

Follow the instructions below to delete your account and data from our site.

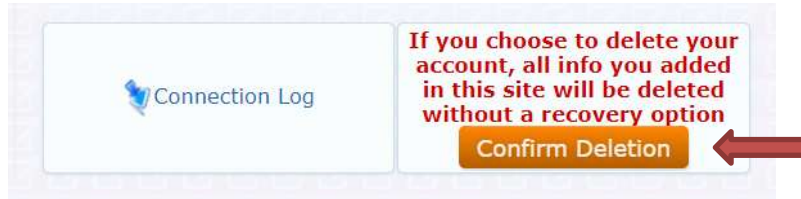

- Login with your current account
- Visit your profile page by selecting the option “My Profile” at the left menu
- Edit you profile by clicking on the top right button “My Profile [Edit]”

- Press the “Delete Account” button at the bottom of the page

- Confirm the deletion

- After confirming the deletion you will be automatically logged out. Your account will be removed from the system and all data associated with this account will be permanently deleted.
